

Creative Economies

Collaborative Process and its potential to advance the Sustainable Development Goals

Thursday, April 21st 2022

8:00 PM Shanghai
8:00 AM New York

ZOOM ID: 997 6851 7288
PASSCODE: #Xjkx6AJ

Designed by Silvia Albano

Background

Creative economies and collaborative and transformative processes and its potential to advance sustainable development goals. This session, organized as part of the initiatives in support of the UN Creativity and Innovation Day, features practical endeavors for developed and developing countries in a range of fields spanning from Business to Academia to Non-profit organizations, hosting contributors that are change agents striving to impactful making a change beyond their respective area of competence. Film and documentary maker that track successful entrepreneurial initiatives that then can be case studies for others in the creative industries. Business entrepreneurs that act as change agents supporting initiatives of enabling cross generational initiatives from blockchain to kimono recycling entrepreneurship projects. Medical professionals that develop new medical treatments.
